

**HKMA David Li Kwok Po College**  
**Annual Plan of Student Enhancement Team**  
**(Grant for Supporting NCS students with SEN)**  
**(2025 - 2026)**

**1. Purposes**

**Special Educational Needs for NCS students**

Based on the principle of "one curriculum framework for all", NCS students with special educational needs, (like other able students) follow the mainstream school curriculum and are offered essential life-long learning experiences. Different strategies are used to better support their personal development and learning.

**2. Review of Present State**

**Strengths**

Team members have significant experience and dedication in their respective fields. School social workers and counselors are well-versed in supporting students with special educational needs (SEN), while the team is experienced in assisting lower achievers. They are passionate about helping struggling students and possess strong skills in communicating with parents.

**Weaknesses**

Parents are becoming increasingly demanding, with some unwilling to fully support their children's needs, which makes it more challenging to assist students effectively.

**3. Major Concerns/ Objectives**

Promoting self-empowerment among students and nurturing them to be responsible citizens with a global vision

## **Promoting self-empowerment among students**
